

**Tonight I'll Be with Jesus**  
**By Michael Hevener**

**Verse 1**

My time is growing short  
I'm ready to say my last goodbye  
And take my final journey  
To my home up in the sky  
God let me see my children  
On this my final day  
But before I go  
There's one thing left to say

**Chorus**

Tonight I'll be with Jesus  
Where the streets are made of gold  
And the walls are as jasper  
And I will hurt no more  
And I'll get to look into my Saviour's eyes  
Tonight I'll be with Jesus  
Children don't you cry.

**Verse 2**

I know it will be tough  
When I take my final breath  
And at that last moment  
When I will welcome death  
So remember all the good times  
And that this is not the end  
I'm going to a place  
Where joy shall never end!

**Repeat Chorus**

**Bridge**

I've waited for this day for oh so long  
At times the road's been rough  
But now I'm moving on.  
My honey will be right there by my side  
Tonight I'll be with Jesus  
Children don't you cry.

**Repeat Chorus**

Tonight I'll be with Jesus ... Oh Children don't you Cry  
Tonight I'll be with Jesus ... Oh Children don't you Cry
